

## Sally Cottingham District Queen

SALLY COTTINGHAM, RIGHT, WAS CROWNED QUEEN OF THE SOUTHWEST ARKANSAS FORESTRY PAGEANT by last year's queen, May Gnell Fugitt of Morrisesboro, Thursday night in Fair Park's Coliseum. At left is Haskell Jones, master of ceremonies for the 2-hour program which drew an audience of around 1,000. The program was presented by the Hope Council of Garden Clubs.

MISS COTTINGHAM, 17, A BROWNETTE, IS THE DAUGHTER OF MR. AND MRS. W. E. Cottingham of Prescott. She is a graduate of Prescott High School, a member of the FHA and FTA, and her hobbies are swimming and sewing. She will attend college this fall majoring in business administration.

THE 12-COUNTY LOCAL WINNER WILL ENTER THE STATE FINALS against queens from the four other districts at Little Rock September 16, for the title Miss Arkansas Forestry Queen.

HERE WAS THE LINEUP OF THE 12 CONTESTANTS, LEFT TO RIGHT: Sally Cottingham, Nevada County; Mary Ann Patillo, Polk County; Brenda Osborne,

Clark County; Pat Fawcett, Little River County; Patsy Garner, LaFayette County; Sue Anderson, Ouachita County; Brenda Echols, Howard County; Pat Reinheimer, Miller County; Patricia Ann Walker, Hempstead County; Glenda Sue Holly, Columbia County; Kay Johnson, Pike County; Judy Johnson, Hot Spring County; and Haskell Jones, master of ceremonies.

## Judge Rules Against 16 Negroes Seeking to Enter White School

### Rules They Must File as Individuals

LITTLE ROCK (AP)—Federal Judge John B. Miller today ruled against 16 Negro students seeking to compel the Little Rock School Board to admit them to once-white high schools.

Miller said in effect, the Negro plaintiffs must file individual suits if they wanted to press their claims rather than lumping the applications together in one "class action."

The Negroes had filed such a class action, protesting the way the school board handled assignments under an Arkansas pupil placement law.

They wanted to be assigned to schools on the basis of residential area.

The school board conducted hearings on this type of request. It has assigned 18 Negroes to predominantly white Central and Hall High Schools for the fall term.

Miller held that the school board is making fair use of the placement law and did not show racial discrimination in its procedures on the 16 Negro students.

### Castro Takes Over Chain of Super Markets

HAVANA (AP)—Fidel Castro's government entered the supermarket business today by seizing the five million dollar, American-owned Minimax chain of stores in Havana province.

The seizure came as Castro mobilized his followers for another show of unity to repuff what he called aggressions against his revolutionary regime.

A formal intervention order in the Minimax case accused American operators of the supermarkets and several subsidiary firms of adopting a hostile attitude toward Cuban employees and threatening to close down.

The Minimax chain, established several years ago by American residents of Havana, operated 20 stores in the Havana area. In addition, a number of supermarkets were obtained through mergers or purchase. The government order covered all stores and subsidiaries.

### Golden Age Group Plans Show Exhibit

The Hope Golden Age Club had one of the best meetings of the year yesterday at the Youth Center. Plans were made for fall activities with 16 members in attendance according to Eugene Cox president.

Mrs. Paul Cobb, secretary, presented plans for the Golden Age Club to have an exhibit at the Southwest District Livestock Show and Fair. The Governor's Commission on the Aging is urging local groups throughout the state to hold exhibits at county and district fairs and to consolidate efforts for a state wide exhibit at the State Livestock Show.

Mrs. Kate Huffman, Mrs. P. L. Smith, Mrs. J. B. Cearley, Mrs. Mart Yocum and others joining the discussion favored holding an exhibit.

The women members also planned a quilting party for next week with proceeds from the sale of the quilt to augment the club's funds.

Refreshments were served and games were played by the 16 present. Next meeting is the first Thursday in October.

### Doesn't Know Condition of Company

LITTLE ROCK (AP)—O. L. Dailey Jr., a former member of the board of directors of the bankrupt Lenders Service Co., said in a bankruptcy hearing yesterday that he did not know what the financial condition of the company was because an auditor's report had not been turned in.

Lenders Service Co. was a subsidiary of the defunct Arkansas Business Development Corp.

The hearing was held before Lee Casart, federal referee in bankruptcy. D. D. Panich, attorney for the Murry, trustee of the now defunct ABDC and its subsidiary, directed questions to Dailey on the firm's condition.

Dailey said he had ordered an auditor's report when he joined the company, but that it was never returned. Dailey said a \$1,000 check was the only payment he received for working for the company.

Murry and Panich are attempting to recover assets of the two companies.

### Department Store Sales Increase

ST. LOUIS (AP)—Department store sales in the Eighth Federal Reserve District were up in St. Louis last week but were down or unchanged in other cities, as compared with the corresponding 1959 period.

The gain in St. Louis of 7 per cent pulled up the overall district showing to a 3 per cent gain. Declines for the week averaged 6 per cent at Little Rock and 8 per cent at Memphis. There was no change at Louisville or in seven smaller cities of the district.

Cumulative sales for the 4 weeks ended Saturday were in the minus column for the sixth consecutive week, by an estimated one per cent. But sales for the year to date in the district are about the same as for the similar period last year.

### Ways to Eliminate the Late Callers

MEMPHIS, Tenn. (AP)—Mayor Henry Loeb has developed an effective procedure for discouraging late telephone calls to his residence.

Whoever answers the ring takes down the caller's telephone number and promises the caller to "return the call the first thing in the morning."

True to his word, Loeb calls on his auto telephone while enroute to his office about 6 a.m. the next day.

"I never get a second late night call from the same person," he said.

One thing about giving money for a present—the size and color are more likely to be right.

## All Around Town

By The Star Staff

The Booster Club will hold a luncheon at noon, Thursday, Sept. 1 at Diamond Cafe. . . President Jack Brown figures more persons could attend a day meeting, especially businessmen. . . all persons planning to attend should contact Dorsey McRae at 7-4891 or Bin Melroe at 7-4883 no later than Wednesday, Sept. 7.

Dorsey McRae, President of the Hempstead Wildlife Assn., reports that E. L. Oglesbee of the Game and Fish Commission trapped seven wolves and one Bobcat in this area during the past three weeks. . . he trapped on the ranches of J. E. Morrison, Ed Cox, Cecil Cox, Jim Rowland, I. E. Olson, Quinton Nolan, James Yoss, Herbie Cox, Robert Smith, W. L. Williams, J. B. Shults, the Whalley Ranch and the Yanner farm.

Marine Pvt. Bobby K. Tompkins of Mr. and Mrs. Leon Tompkins of Hope Rt. 1, completed four weeks of individual combat training recently at the Marine Corps Base, Camp Pendleton, Calif.

For many Hope citizens Monday is a holiday as many of the local business houses and offices will close for Labor Day observances. . . for others it only means the parking meters won't have to be fed. . . the Post Office will close. . . there will be no deliveries but mail will be dispatched and placed in boxes as usual and stamps are available in the lobby machines. . . the local Draft Board office in the National

## Airline Clerks Vote to Strike

DALLAS, Tex. (AP)—The Airline Division, Brotherhood of Railway Clerks, has voted to strike Braniff International Airways.

Clarence Robinson, General chairman of the union, Thursday said no date has been set.

About 2,300 clerical, supply and fleet and passenger employees are involved.

Wages, working conditions and the union shop are involved in the dispute. Robinson said that so many pay grades are involved that it is impossible to put an average figure on the union's wage demands or the company's offers.

## Stock Bought for New UA Station Here

In preparation for a new cattle phase of research program at the Southwest Branch Experiment Station, 150 heifers were purchased to be grown out for a good quality grade cow herd and will be placed on the 1,000 acres of land recently leased by the U of A from Lloyd Spencer of Hope. The initial phases of this work will get underway next spring and includes the management of three cow herds, 40 animals each, grazed on optimum, over-grazed, and under-grazed pastures of upland Bermuda grass for the purpose of determining the most profitable grazing capacity per acre.

An additional phase of the study will include nutritional work along the line of protein supplement, mineral deficiency, and internal parasite control as related to how these effect the returns in the cow herd.

## Fine Forestry Show Put on in Coliseum by the Council of Garden Clubs

The Hope Council of Garden Clubs put on a fine show in Fair Park Coliseum Thursday night when Miss Sally Cottingham of Prescott won out in a field of 12 contestants for the title Forestry Queen of the Southwest Arkansas District. She will compete against four other district queens Sept. 16 at Little Rock for the title Miss Arkansas Forestry Queen.

About 1,000 persons crowded the Exhibit Hall in the front end of the Coliseum to watch the gowned beauties parade on a wooden runway, while Haskell Jones handled the introductions as master of ceremonies.

The appearance of the individual girls was interspersed with entertainment numbers. Sandra Drysdale of Stamps had two song numbers; Barbara Graham of Prescott danced; David Pearson of Hope sang; Ann Shilton and Ann Welch of Ashdown performed in a dance duo; Carroll McKee and Barbara Burrough of Hope danced an adagio; and Fredericka Silvey and Sue Spencer of Boduc appeared in a song-and-dance number.

Ranger Jim Martin spoke on "The Importance of Trees," and Buster Denton on "Our Local Forests."

Here is the Forestry Festival committee organization which handled the show for the Council of Garden Clubs.

General Chairman: Mrs. Lyle McMathen, Mrs. Lamar Cox, Mrs. Lloyd Kinard, Mrs. B. W. Edward, Mrs. J. O. Continued on Page Three

## Still Time to Control Cattle Grubs

There is still time to get full benefit from an application of a systemic insecticide to control cattle grubs on beef cattle. Application may be made any time until the first of October.

Grubs will be killed while they are still very small and before serious damage is done. In addition to cattle grub control, Co-Ral spray will control horn flies for three to six weeks. Cattle will also be protected from screw-worms and blow fly infestations. Any lice present on animals will also be killed. This added protection from a wide variety of pests make spray applications practical.

To control grubs, ronnel (Tralene) may be used in bolus form. They are given at the rate of 15 grams of ronnel per 300 pounds of body weight. A 37.5 gram bolus contains 15 grams of ronnel. Co-Ral is used as a spray made by adding 16 pounds of 25 percent Co-Ral wettable powder to 100 gallons of water. Animals should be thoroughly wet with the spray. High pressure, 150 to 300 pounds per square inch, aids in better penetration of the hair. Wettable powders must also be applied to keep them in suspension.
